Message from Chairman

Dear Shareholders

In the past year, the overview of the construction material industry in the first half of the year was slowly growing due to the country's economic condition, causing consumers to be more cautious in spending. While in the second half of the year, the growth rate was rising due to the severe flooding in many provinces of the country.

In 2019, Siam Global House Public Company Limited has shown the strong potential and experience in performance by altering the operating strategies to be in line with the dynamic economic conditions. This has resulted in a net profit of 2,114.08 million baht, an increase of 6.20 percent from the previous year. With the continuous expansion of 5 branches, the Company holds a total of 66 branches operating by the end of the year 2019. Concerning customer service, the Company has developed a management system in order to meet customers' needs for faster and more accurate service. Additionally, having renovated the stores to be more attractive and modern to facilitate and attract customers to purchase goods and services. With the effective operation and management by the board of directors and management, and employees, as a result, Global House could proceed to create its highest returns for shareholders and be able to continue for sustainable growth.

On behalf of Global House, the board of directors and management, and all employees, we are truly proud to be a part of the Company's management and development for sustainable growth along with the highest returns to shareholders. Also, we appreciate and thank all shareholders, customers, business partners, financial institutions, including all patrons who have always been trusting and fully supporting the operation of the Company, and, we are certainly looking forward to receiving support and trust from all of you on and on.

Mr. Apisit Rujikeatkamjorn
Chairman

“ Message from Chief Executive Officer

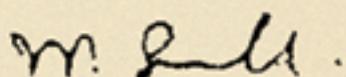

Dear shareholders,

I'm pleased to inform shareholders and all concerned persons regarding the Company's operating results. In 2019, the Company showed a total revenue of 28,081.45 million baht, which increased by 10.55% from the year 2018, the growth rate from the existing branch which is accounted to 3.40 %, a gross profit margin of 20.59% which is slightly decreased compared to the previous year by 0.30 %, EBITDA of 3,833.24 million baht which increased in 8.97%, net profit of 2,114.08 million baht which increased by 6.20% from the previous year and accounted for 7.53% of sales revenue.

Last year we have expanded 5 more branches to a total of 66 branches and as at the end of 2019, we have renovated all existing branches by installing air-conditioning and solar roofs systems to enhance the atmosphere and lighting in the stores to support the change of customer's needsand generation, also, to increase competitiveness, including creating opportunities for new products for customers. By the end of 2019, we have generated electric power of 62.4 MW ourselves. Also, we have started to fully renovate Roi-Et branch together with installing ASRS (Automated Storage & Retrieval System), increasing the efficiency of customer service.

Furthermore, we are now a leader in applying automated systems to the retail system in the field of Digital Transformation, which we have been done since 2013. It has been 7 years since we could develop from our own ERP system, causing API in many systems to connect internally and externally as well as AI systems in many fields, increasing the effective operation process throughout the Company. This also caused by the use of database software to apply with the Company's software systems which are seamlessly connected without the burden in cost of software licenses, including continuous development in many IT systems in the Company to always create a competitive advantage to ourselves. Besides, we are a Paperless organization by reducing the consumption of paper and adjust to work in Digital format and Digital Process instead, to decrease the cost of excessive paper consumption and to reduce the use of natural sources.

In the year 2020, we plan to expand more 7-9 braches. I and My team and are ready and aim to bring the Company through the crisis, which has sent signal since quarter 4 of the previous year, for the best return to all shareholders and will lead the Company to keep up to digital generation with the change in technology. Lastly, I would like to thank everyone who encouraged our team.

Mr. Witoon Suriyawanakul
Chief Executive Officer

From our concept “All Inclusive for your House”, Global provided the categories of product more than 260,000SKUs. As a result of this, the company adopted “the modern trade Innovation system” to establish large warehouse store. Furthermore, we have divided our store into 2 sections;

Area 1 : Shopping Area. This is the place where the customers are able to walk and view the product freely with plenty of service mind staffs who are ready to help and support the customers with the right knowledge immediately.

Area 2 : Drive Through Area This is the place where distributes construction material. We prepare many facilities such as forklifts and overhead cranes for customer service. Moreover, in the concept of Drive Through system, customers can drive their vehicles through the store to collect their order, from placing order and driving off the store with the product, all within 10 minute.

Services

As a leading construction material and home improvement retailer we focus on being :

Special Order This service provide for the customers who demand the product that the company doesn't stock in the store.

Satisfaction Guarantee and Return Policy The Company guarantees the satisfaction of customer. We offer the 30 days cash return policy for most of our product in the store. Customer just needs to bring the product and show the receipt (under the right terms and conditions).

Installation Service The Company provides installation service to support our products with the installation guarantee for 180 days by specialist. Furthermore, "Lady Service" which service electric appliance installation and home improvement especially for lady customers.

Procurement and Management

Procurement

Procurement is managed and operated by our experienced team of buyers located in Roi Et head office. The department always searches for new products by following the concepts below:

1. Offering from Manufacturers
2. Sourcing team study the market and source new products accordingly
3. On basis of Customers' preferences

Sourcing

The company distributes construction materials, decorative items and gardening products. All in the huge store warehouse under the same roof. The products separate into 2 sections, purchasing domestic products about 80% and importing products about 20% of all purchasing the details are as follows:

1. The company purchased products from local manufacturers as the product line. We have many of suppliers for more than 500 suppliers. We have supported each other in advertising, public relation, promotion and grand opening event for the new branches.
2. The company also purchased products from Chinese and Vietnamese manufacturers totaling more than 200 suppliers. The import products are granite tiles, glass brick, spa bathtub, shower curtain, plywood, steel door, hardware, knob, lamp, insulation, switch and plug, etc.

House Brand Products

The Company currently has house brands products over 10,000 items. We are providing more alternatives for customer. Global house has registered house brands of good quality product and reasonable price. With the efforts of our Procurement team, we could provide longer guarantee service and low cost products that could make the company become the leading player in the industry.

Marketing and Competition

Competitors

We can divide our competitor into 2 groups:

1. Home Improvement Stores for example :

- **Home Pro** manages by Home Product Center Public Company Limited under an objective to operate a retailing business. The company distributes construction material, home improvement under the concept “One Stop Shopping Home Center”. Home Pro currently has more than 84 branches. and Home Pro's has 9 branches.
- **Thai Watsadu** manages by CRC Power Retail Company Limited. The company distributes construction material, home improvement under the concept “One-Stop-Shopping Construction Material Suppliers for Thai”. Thai Watsadu has 49 branches.
- **Home Hub** manages by Mr. Ongat Tangmitpracha. The company distributes construction material, home improvement under the concept “Home Hub Fast and Easy”. Home Hub has 5 branches. They establish on Ubon Ratchathani for 3 branches, Khon Kaen and Udonthani.
- **Do Home** manages by Ubonwatsadu Co Ltd,. The company distributes construction material, home improvement under the concept “One-Stop Shopping and Cheap at Do Home”. They have 10 branches and establish on Ubon Ratchathani, Nakhon Ratchasima, Pathumthanee (Rung Sit, Klong 7), Khon Kaen , Udonthani, Rama2, Bangbuathong, Chiengmai BangNa-Trad 38 and Phet Kasem. And Do Home To Go has 5 branches.
- **MEGA HOME** manage by Mega Home Center, the building materials distribution center and appliances. The major shareholder is Home Product Center Public Company Limited was operated 12 branches in Mae Sot, Rangsit, Nong Khai Boa Win Kabinburi, Arunprathet, Minburi, Rojana, Hat yai, Nakhon Ratchasima, Nakhon Phanom and Chiang Rai.
- **Baan & BEYOND** manage by CRC Thai Watsadu Co.,Ltd. It's department store for home and operated in year 2013, currently has 6 branches in Chaing Mai, Khon kean, Pattaya, Ratthanatibat, Ratchapruk and Phuket.

2. Specialty Stores for example :

- **Small retail store** Home mart, which have the objective to distribute the SCG product. However, the company still lack of the other products such as ceramic tile, paint, electrical equipment and pumping.
- **Ceramic and Sanitary ware Center** Boonthavorn, Decormart, Grand Home Mart, Inter Sanitary Ceramic, and IKEA they all focus on ceramic and sanitary ware product.
- **Furniture and decorative** such as Index Living Mall and SB Furniture. These companies sell decorative item, furniture, bed room set, living room set and kitchen accessories for high purchasing power customers.
- **Electronic Appliances** Power Buy, it is managed by Central Retail Corporation. Power Mall, it is managed by The Mall Group.
- **Specialty Store** such as paint store, pumping store, electrical equipment store hardware store etc. However, this kind of store still lack of diversity in product and operate under traditional trade concept.

04

Risk Factors

4. Risk Factors

Risk factors that may affect to the Company's performance in the future are as follows.

4.1 Business Operation Risk

In the last year, the building material business was likely to gradually improve. Because of the government's policies to encourage investment and stimulate the economy such as the transportation infrastructure , that the government tried to accelerate investment. And not only the large projects but there were small and medium projects such as improvement of the road , irrigation dams and government buildings improvement which positive impact on the building material business. However, the market for building materials for individual consumers not able to improve well because of the economic had not recovered and the consumers slow down of spending.

The Company have realized on the risk and impact to the business operations and in order to business operating with target .The Company has determined the risk and risk management that may occur as follows.

1) Expansion Risk

In 2019, the company has opened 6 new stores that totaling 66 branches coverage 55 provinces i.e. Roi-Et, Khon Kaen (3stores), Udonthani (2 stores), Chiang Mai (2 stores), Rayong, Chonburi, Nakhonprathom (2 stores), Ratchaburi, Kalasin, Nakhonsawan, Mahasarakam, Nong Kai, Nakhonratchasima 2 stores), SakonNakhon (2 stores), Nakhon Phanom, Chaiyaphum, Surin, Phitsanulok, Lamphun, Mukdahan, Phare, Nan, Lampang, Sukhothai,Kampangpetch, Ubonratchathani, Lopburi, Trad, Chanthaburi, Nongbualamphu, Petchboon, Buriram (2stores),Nakhonnayok, Yasothon, Bungkan, PrachuapKhiri Khan (2stores), Pathumthani, Singburi, SamutSongkram, Chiang Rai (2 stores), Suratthani, Kanchanaburi, Nakhonsithammarat, Ang Thong, Uttaradit, Loei, Phatthalung, Samut Prakan, Phranakhonsi Ayutthaya, Chai Nat, Mae Hong Son, Satun, Phuket, Kanthararak, Mae Sai and Krathum Baen. Now, the Company still has 10 stores which have been under construction such as Nonthaburi (Sai Nai), Ubon Ratchathani (Detudom), Phayao, Prachin Buri (Kabin Buri), Chiang Rai (Wiang Pa Pao), Kalasin (Kuchinrai), Maha Sarakham (Phayakkaphum Phisai), Surat Thani (Samui), Chiang Rai (Phan) and Udon Thani (Nong Han). which would be operate in 2020.

As, the investment in opening more new branch has to spend money around 300 - 400 million baht. So, the cost of high investment would be risk business if company could not complete the objective on time. The uncontrollable factors can also be effected any problem to company (for example, the business crisis in Thailand, the world business crisis, changed government in the country, and customer behavior).

In addition, to invest in new store, the company does probability research and analyze the environment of business and customer target in the area that company will get business into that area. Moreover, the company has more experience than 20 years of home improvement business. It is easy to find cheaper price than competitors about small cost of land and material of construction.

2) Risk from expanding oversea investment

The Company has expanded to Cambodia and opening the first store in Phnom Penh on 17 November 2018. It is the first branch in AEC (Asean Economic Community) and the first center of building materials and decoration goods in Cambodia. The Company considers readiness in various parts such as the opportunities of business growth, consumer's behavior and purchasing of consumer's power.

Due the Company has a policy to expand the investment in oversea continuously. The Company managed the risk from expanding oversea investment by studying marketing, law, tax government policies and other factors, in order to assess the impact and opportunities that may occurred for determine the investment plans to reduce the risk.

3) Inventory Risk

As at 31st December 2017, 31st December 2018, and 31st December 2019, the Company had inventory of 12,603.61 million Baht 13,297.75 million Baht and 15,602.53 million Baht respectively, or in percentage to total asset are 44.65%, 42.87% and 43.36%. In addition, the risks of inventory could be becoming damaged, lost, and obsolete. As for mitigation, the Company has plans and practices in place to manage inventory risks such as providing various channels and campaign (i.e. reduce price, buy one get another one for special price, and send coupon for complete any prize) to reduce slow moving stock.

In addition, the company installed the “Automated Storage & Retrieval System: ASRS” for stores that operated in the year 2016. ASRS is a warehouse management system be more efficient and reduced inventory by connecting IT with the management system of the company. That reduces the inventory risk of the company.

4) Competition Risk

Overview of retail businesses on construction materials, decoration and repairing products is highly competitive due to the increasing number of entrepreneurs. Also, the market value has been continuously increasing over the past years, causing major wholesaler and retailer groups such as Home Pro, Home Mart, Thai Watsadu, Home Hub, and Do Home, to continuously expand their branches or appoint distribution agents to areas where are near the communities, business areas and department stores in Bangkok, and other regions. This may affect the Company regarding the market share from sales revenue that may not meet the goal as expected, and it could affect the profit margin of the Company due to the price competition.

However, the Company has made plan to deal with such competition by the emphasis on the differentiation strategy for sales and services, for example, the distribution of various construction materials and equipment more than 260,000 products, allowing customers to browse and purchase for all kinds of items which are necessary for construction, renovation or decoration. In addition, there are structure items such as cement, steel bars, structural steel, roof tiles and construction materials that are available for sale while these products are only sold in certain wholesalers and retailers. Plus, the Company pays attention to the sourcing of plants that could produce high-quality products at the production cost for our competitive advantage. Therefore, these are major factors that help to decrease the competition risk in this industry for the Company.

5) Volatility of the Cost of Product

Since the cost of products can fluctuate towards the economic conditions and affect some products that company sells, consisting of the products that have low fluctuate cost and structural products that have frustrations at price all the time such as steel bars, structural steel, wires, etc. Thus, the Company might gain some risk when stocking such items into inventory. However, the Company has set a policy on pricing to be flexible concerning the fluctuating cost and has closely managed on the stock retention period, hence, the Company did not receive much impact by price fluctuation. Besides, the Company has ordered most products directly from the manufacturer, as a result, the Company received a certain price and also cheaper price than ordering through agents. It causes the company to be able to set the price at an appropriate and competitive for the market while the Company still has the ability to earn a profit at the same or greater amount.

6) Conflagration Risk

As, the conflagration can damage life and destroy any products. So, the company has policy of fire protection by set up the first aid tools to prevent the unexceptional from fire such as fire extinguisher and rubber tube for water which can find in the proper area around the store. The company also check those tools everyday. Moreover, we also specify and train our staffs about how to do when the conflagration is happened. In addition, the company have been done the Residential and Commercial Property Insurance to defend any caused that can effect to company. We have to concern about the money value from supplier every time because we have to assure that our company are in the protection zone.

7) Natural Disasters

Due to the natural disasters occurred in last year . The management is aware of the building safety, stakeholders and inventory that the management assigned to engineering teams to inspect the strength of buildings every stores. In addition the Company has also insured cover the damage from natural disasters to the building and inventory.

8) Customer's value and Obsolete Products Risk

The Company is the distributor of construction materials and furnishing products, that some kind of goods will be popular for a while only .That the Company may not sell the obsolete goods. Therefore, the Company managed by transferred those products to other branches or made the in stores promotion to reduce amount of obsolete goods. Furthermore, the Company has authority to negotiate with the suppliers that can change the new products replace the obsolete products, which reduced the risk of changes in the value's customers and the obsolescence products

9) Fraud

The company has a strong control framework in respect of potential fraud or other dishonest behavior, which is regularly reviewed by internal audit. A set of policies is in place to provide colleagues with clear guidance on behavior. In addition, there are 'whistle blowing' procedures in place to enable colleagues to raise concerns about possible improprieties on a confidential basis. Internal audit undertakes detailed investigations and highlights its findings to the Audit Committee.

4.2 Financial Risk

1) Financial Risk

Although the Company will repayment the long term loan to the financial institutions, but still keep the relationship by continuing to use credit limit with several banks in order to increase the ability of negotiate.

In addition, the company policy is to sell our product mostly in cash and hence most of our revenue is in cash. As in 2017 was 98.60 %, in 2018 was 94.22% and in 2019 was 95.89 %. The figures is showing a decreasing trend as the Company is paying a lot of attention giving credits and only consider reliable projects and customers. As at December 31, 2018 the Company has account receivable of 159.45 million Baht.

However, for the credit sales, the Company will consider only project that has reliable financial status, which the company has analyzed the result of operation and financial status or having the contractor place with a letter of guarantee as security against debt payment, etc. Besides, the receivables that are more than 6 months but not exceeding 12 months, the allowance for doubtful bad debts is set to be 50% and for the receivables that exceeding 12 months, the allowance for doubtful bad debts is normally set to be 100%. In 2019, the Company recorded the allowance for doubtful account of 3.86 million Baht and the last year, the Company had not bad debt.

2) Foreign Currency Volatility

The products in store are both domestic and import from international. As the fluctuation of exchange rate will be gain some problem because we cannot predict the world situation. So to reduce the risk of exchange rate, the company has policy to follow the foreign currency volatility. In addition, the company has to control any risk within the fluctuation of foreign exchange rates by used any forward Contract from banks to defend any risk if occur. The Company had 2 forward contracts and as of December 31, 2019. The volume of monetary is 4,310 million baht and 53.34 million USD, credit used is 812.28 million Baht. However, the Company not effected by exchange rate risk.

4.3 Risk from the major shareholder

1) The Major Shareholders' Risk more than 25%

As at 31 December 2019 the Suriyawanakuls and SCG Distribution Co.,Ltd. are the major shareholders that totaling 2,900,134,987 shares or 69.02 % of the total issued shares. Therefore the Suriyawanakuls and SCG Distribution Co.,Ltd. can control the resolution of the shareholders passed at all, the appointment directors or other matters that require the approval of a majority of the shareholders' meeting. Exception to the law or the Company determines to get 3 / 4 votes of AGM. So the other shareholders may not have enough votes to check and balance that proposed by major shareholders.

Factors that may affect the Company's performance in the future.

The key factors that may affect to the Company's performance in the future consist of 4 cases as follow;

1. The fluctuations of the domestic economy.

Currently, the opinion of academics and economic' experts shown the economics of Thailand may be slow down by several factors, especially the drought in several regions of country that may affect to investment and including the reduction of public spending. During the past, the Company has been monitoring the situation and analyzed the impact on sales continuously. The Company trust on the strength of financial status of the Company that will support long term plans to expand business cover the country and ASEAN. In addition, the Company is establishing a distribution center in Ayutthaya province. In order to improve supply chain management which enhance the company's profitability in long term. The Distribution Center has operated in October 2017.

2. The fluctuations of exchange rate

The Company has imported goods for sales and the fluctuation of exchange rates is a key factor in business operation. The monthly executive meeting was tracked economic and financial situation in order to risk assess and impact from exchange rate along with setting of risk prevention continuously.

3. Competition in the industry.

The last 3 years, the acceleration of expansion of competitors including of new entrepreneurs in business that make higher competition. The Company focus on products presentation about building materials to appropriate for target customers along with the policy " All inclusive for your house ".In addition, the Company will continue focus on making a difference of service and knowledge of the staffs in order to retain the customers in long term.

In 2019, the company have renovated all existing stores to enhance the atmosphere and lighting in the stores to support the change of customer's needs and generation. Furthermore, the company is applying automated systems to the retail system in the field of Digital Transformation and development in many IT systems in the company to always create the industry competitive advantage.

4. Human resource recruitment.

The Company is currently in period of expansion to cover the country. The Company realized that the human resources , staff development and maintenance for the long term is importance. The Company has improved training courses and set human resources management policy collaborated with strategic partner "SCG Distribution Co.Ltd." . The Company ensure that be able to recruit and develop staffs to support business expansion.

Financial Statement 2019

**SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED
AND ITS SUBSIDIARY**

Financial Statements

For the Year Ended December 31, 2019
and Report of Certified Public Accountant

M.R. & ASSOCIATES CO., LTD.

Certified Public Accountants

REPORT OF CERTIFIED PUBLIC ACCOUNTANT

To the Shareholders and Board of Directors of Siam Global House Public Company Limited

Opinion

I have audited the consolidated financial statements of Siam Global House Public Company Limited and its subsidiary (the Group), which comprise the consolidated statement of financial position as at December 31, 2019, and the consolidated statement of comprehensive income, consolidated statement of changes in shareholders' equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. I have also audited the separate financial statements of Siam Global House Public Company Limited, which comprise the separate statement of financial position as at December 31, 2019, and the separate statement of comprehensive income, separate statement of changes in shareholders' equity and separate statement of cash flows for the year then ended, and notes to the separate financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Siam Global House Public Company Limited and its subsidiary as at December 31, 2019, and their consolidated financial performance and their consolidated cash flows for the year then ended in accordance with Thai Financial Reporting Standards. Also, the accompanying separate financial statements present fairly, in all material respects, the financial position of Siam Global House Public Company Limited as at December 31, 2019, and its financial performance and its cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Group in accordance with the Federation of Accounting Professions' Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matter

Key audit matter is the matter that, in my professional judgment, was of most significance in my audit of the financial statements of the current period. This matter was addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on this matter.

Valuation of merchandises

High competition in the current market outlook for construction material sectors in Thailand. The selling price depends on the competitive situation of the market. Certain merchandises may not be sold at the expected selling price. The Company reviews their merchandises values by comparing their cost against their net realizable value. Any loss on decline in value of merchandises was charged to expense for the year.

Significant accounting policies and other information relating to merchandises was disclosed in Notes 3 and 6 to the financial statements.

My audit procedures included inquiring the management who is responsible for this to obtain the Company's policy for loss on decline in value of merchandises. I have understood and review the compliance with the Company's accounting policy and randomly test of loss on decline in value of merchandises whether it is in accordance with the Company's accounting policy, and testing calculation of such loss by comparing the cost of merchandises against net realizable value.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and my auditor's report thereon. The annual report is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I will not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

When I read the annual report, if I conclude that there is a material misstatement therein, I am required to communicate the matter to audit committee.

Responsibilities of Management and Audit Committee for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Audit committee is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also :

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion.

I communicate with audit committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide audit committee with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with audit committee, I determine that matters that were of most significance in the audit of the financial statements of the current period and is therefore the key audit matter. I describe the matter in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

(Mr. Methee Ratanasrimetha)

The total of value added tax registration operating branch is 67 branches. (December 31, 2018: 62 branches).

2. BASIS FOR PREPARATION OF FINANCIAL STATEMENTS

The accompanying financial statements are prepared in Thai Baht, which are the core functional currency, and in the Thai language in accordance with the financial reporting standards in Thailand including interpretations and guidelines promulgated by the Federation of Accounting Professions (“TFAC), applicable rules and regulations of the Securities and Exchange Commission. Accordingly, the accompanying financial statements are intended solely to present the financial position, financial performance, and cash flows in accordance with the financial reporting standards in Thailand.

Except as otherwise disclosed in the significant accounting policies, the accompanying financial statements have been prepared under the historical cost convention.

Starting from January 1, 2019, the Group had adopted Thai Accounting Standards (TAS), Thai Financial Reporting Standards (TFRS), Thai Accounting Interpretation (TSIC), and Thai Financial Reporting Interpretation (TFRIC), newly issued and revised by TFAC, which became effective from the accounting period starting on or after January 1, 2019. The aforesaid adoption of the newly issued and revised TAS and TFRS as well as TSIC and TFRIC did not have any material effect to the financial statements of the Group.

Subsequently, TFAC issued several Notifications which were announced in the Royal Gazette during 2019 regarding the revision and issuance of new TAS and TFRS as well as TSIC TFRIC and accounting guidance with the effective from the accounting period beginning on or after January 1, 2020 whereby the Group has not yet adopted in the preparation of the accompanying financial statements and has no policy to early adopt before effective period. Such new and revised TAS and TFRS as well as TSIC, TFRIC and accounting guidance are as follows :

TAS 1	Presentation of Financial Statements
TAS 2	Inventories
TAS 7	Statement of Cash Flows
TAS 8	Accounting Policies, Changes in Accounting Estimates and Errors
TAS 10	Events after the Reporting Period
TAS 12	Income Taxes
TAS 16	Property, Plant and Equipment
TAS 19	Employee Benefits

Accounting guidance	Exemption for business combination under common control : first-time adoption of Thai financial reporting standards

Management of the Group has preliminarily assessed and believed that there will be no material effect to the financial statements of the Group upon adoption of the revised and new TAS and TFRS as well as TSIC and TFRIC and accounting guidance with the effective for the accounting period starting in 2020 except:

TFRS 9 - Financial Instruments and other related standards

TFRS 9 specifies the methods that the entity shall classify and measure its financial assets, financial liabilities, and contracts to purchase or sell the non-financial items. TFRS 9 is divided into the following three parts :

1. Classification and measurement
2. Impairment
3. Hedge accounting

Financial assets shall be classified and measured with respect to the business model on asset management and characteristics of the asset's contractual cash flows which is divided into three categories i.e. amortized cost, fair value through other comprehensive income, and fair value through profit or loss. Upon changes in business model on financial asset management are known, the affected financial assets shall be considered for proper reclassification.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY
Notes to the financial statements (continued)
December 31, 2019 and 2018

Financial liabilities shall be classified and measured at amortized cost except for financial liabilities measured at fair value through profit or loss (such liabilities include derivative liabilities). Reclassification of financial liabilities is prohibited.

Impairment of financial assets shall be recognized in the following stages :

- 1) Stage 1 : the 12-month expected credit loss shall be recognized in profit or loss. Interest income (if any) shall be calculated base on gross carrying amount without netting the allowance for expected credit loss.
- 2) Stage 2 : upon significant rise in credit risk and not being at low level, the entity shall recognize the full lifetime credit loss in profit or loss. Interest income (if any) shall be calculated based on the same principle to Stage 1.
- 3) Stage 3 : upon significant rise in credit risk of financial asset that is considered as credit impaired, Interest income (if any) shall be calculated base on gross carrying amount net of the allowance for expected credit loss.

Hedge accounting is purposed for reflecting the impacts in the financial statements that are caused in risk management activities using the financial instruments on management of exposures to the risks and such risks shall affect profit or loss and/or other comprehensive income. TFRS 9 specifies the relationships of hedge accounting into three categories i.e. fair value hedge, cash flows hedge, and hedge of net investment in foreign entity.

Thus, TFRS 9 affects the Group to reclassify and measure its financial assets and financial liabilities in statement of financial position for each of the periods ended in 2020 with respect to aforesaid principle.

TFRS 16 - Leases

TFRS 16 specifies that lessee shall recognize right-of-use in asset (a kind of asset) and lease liability (a kind of liability) for all lease agreements with exception for short-term lease agreement (not exceeding 12-month period) or lease agreement for the underlying low-value asset. Right-of-use in asset shall be depreciated by straight-line method over the lease term or any other systematic basis with better reflection of information. Lease liability shall be discounted for cash flows of payments throughout the lease term whereby the discount rate shall be considered appropriate in situation and to the entity.

For lessor, classification and accounting for operating lease or finance lease is still required as previously done. Therefore, there is no significant change or impact on the lessor.

The Group has not yet adopted in the preparation of the accompanying financial statements and has no policy to early adopt before the effective period. Management of the Company is during the assessment and consideration of the impacts from adoption of the aforesaid TFRS.

The Group disclosed information for the year ended December 31, 2018 for being the comparative information in the financial statements for the year ended December 31, 2019 in the form of corresponding figures.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY**Notes to the financial statements (continued)****December 31, 2019 and 2018**

For convenience of the readers, an English translation of the financial statements has been prepared from the Thai language statutory financial statements that are issued for domestic financial reporting purposes.

3. SIGNIFICANT ACCOUNTING POLICIES**Basis of consolidation**

The consolidated financial statements relate to the Company and its subsidiary (together referred to as the “Group”) and interests in joint venture. Significant intra-group transactions between the Company and its subsidiary and joint venture are eliminated on consolidation.

Subsidiary

Subsidiary is the entity controlled by the Group. Control exists when the Group has the power, directly or indirectly, to govern the financial and operating policies as well as variable returns from a company so as to obtain benefits from its activities. The financial statements of subsidiary are included in the consolidated financial statements from the date that control commences until the date that control ceases. Accounting policies of subsidiary are transformed as deemed necessary to uniform for the similar policies.

Accounting for acquisitions of non-controlling interests

Changes in a parent’s ownership interest in subsidiary that do not result in the loss of control are accounted for within equity. When an entity loses control of subsidiary, any gain or loss is recognized in the profit or loss. Any investment retained in the former subsidiary is measured at its fair value at the date when control is lost.

Foreign Currencies**Foreign Currency Transactions**

Transactions in foreign currencies are translated to Thai Baht at the foreign exchange rates ruling at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Thai Baht at the foreign exchange rates ruling at that date. Foreign exchange differences arising on translation are recognized in the profit or loss.

Non-monetary assets and liabilities measured at cost in foreign currencies are translated to Thai Baht using the foreign exchange rates ruling at the dates of the transactions.

Foreign entity

Assets and liabilities of foreign entity are translated to Thai Baht at the exchange rates ruling at the end of reporting period (the closing rate).

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

Revenues and expenses of foreign entity are translated to Thai Baht at the exchange rates ruling at the dates of the transactions.

Differences arising on foreign currency translation or conversion are recognized as other comprehensive income or loss and separately presented as other component of equity until the subject foreign currency investment is disposed.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash balances, call deposits and highly liquid short-term investments. Bank overdrafts that are repayable on demand are a component of financing activities for the purpose of the statement of cash flows.

Cash at banks which have restrictions in use are presented separately as “Deposits at financial institutions under pledged” under non-current assets in the statement of financial position.

Trade Accounts Receivable and Allowance for Doubtful Accounts

Trade accounts receivable is stated at their invoice value less allowance for doubtful accounts.

The allowance for doubtful accounts is assessed primarily on analysis of payment histories and future expectations of customer payments. Bad debts are written off when incurred.

Merchandises

Merchandises are valued at the lower of cost (moving average method) and net realizable value. Net realizable value is the selling price in the ordinary course of business, less marketing, distribution and other expenses which are necessary for sale of goods.

An allowance for loss is made for all deteriorated, damaged, obsolete and slow-moving inventories.

Investment in joint venture and subsidiary

Investment in joint venture and subsidiary in the separate financial statements is accounted for using the cost method net of impairment losses (if any). Dividend income is recognized when it was declared.

Property, Plant and Equipment

Owned assets

Land and land not use in operation are stated at cost, plant and equipment are stated at cost less accumulated depreciation and impairment losses (if any). Costs of asset dismantlement, removal, and restoration are included as part of asset cost and subject to depreciation.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY**Notes to the financial statements (continued)****December 31, 2019 and 2018****Leased assets**

Leases in terms of which the Group substantially assumes all the risk and rewards of ownership are classified as finance leases. Property, plant and equipment acquired by way of finance leases is capitalized at the lower of its fair value and the present value of the minimum lease payments at the inception of the lease, less accumulated depreciation and impairment losses. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to the statements of comprehensive income.

Depreciation

Depreciation is charged to the statements of comprehensive income on a straight line basis over the estimated useful lives of each part of an item of property, plant and equipment. The estimated useful lives are as follows :

Land improvements	10	years
Buildings	30	years
Building improvements	5, 10 and 17	years
Furniture, fixtures and office equipment	5, 10 and 20	years
Computer equipment	3	years
Transportation	5	years

No depreciation is provided on land and assets under construction.

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment losses.

Amortization

Amortization is charged to profit or loss on a straight-line basis over the estimated useful life of 3-5 years.

Leasehold rights

Leasehold rights are stated at cost less accumulated amortization and impairment losses.

Amortization

Amortization is recognized in profit or loss on a straight-line basis over the term of the leases.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

Impairment of Assets

The carrying amounts of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts (the higher of an asset's net selling price or value in use) are estimated. The review is made for individual assets or for the cash-generating unit.

In case that the carrying value of an asset exceeds its recoverable amount, the Group recognizes the impairment losses by reducing the carrying value of the asset to be at its recoverable amount and recording the devaluation in profit or loss. The reversal of impairment losses recognized in prior years is recorded as part of other income when there is an indication that the impairment losses recognized for the assets no longer exist or are decreased.

Employee benefits

Short-term benefits

Salaries, wages, bonuses and contributions to social securities fund are recognized as expense upon their occurrences and on accrual basis.

Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognized in the statements of comprehensive income.

Post-employment benefits

Obligations on defined contribution plan which is the provident fund are recognized as an expense in the statement of comprehensive income when contribution to the fund on an accrual basis.

The Group's obligations in respect of post-employment benefits are calculated by estimating the amount of future benefits that employees have earned in return for their service in the current and prior periods; that benefits are discounted to determine their present value. The calculation is performed by an independent actuary using the projected unit credit method. Expenses from the estimated liability for post-employment benefits are recognized in the statements of comprehensive income and comprise of current service cost and interest cost. Actuarial gain or loss is recognized in other comprehensive income.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY**Notes to the financial statements (continued)****December 31, 2019 and 2018****Provisions**

A provision is recognized in the statement of financial position when the Group has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and, where appropriate, the risks specific to the liability.

Warranties

A provision for warranties is recognized when the underlying products or services are sold. The provision is based on historical warranty data and a weighting of all possible outcomes against their associated probabilities.

Revenue Recognition

Revenue excludes value added taxes and is arrived at after variable consideration such as deduction of trade discounts, sales return, rebate on award redemptions whereby there is consideration about characteristics, amount, timing as well as uncertainty of revenue and contractual cash flows from contract with customer

Revenue is recognized when the significant risks and rewards of ownership and control have been transferred to the buyer. No revenue is recognized if there is continuing management involvement with the goods or there are significant uncertainties regarding recovery of the consideration due, associated costs or the probable return of goods.

Service income is recognized at a point in time when the Company has completely rendered service to the customer and on an accrual basis.

Interest income is recognized over time on a time proportion basis that reflects the effective yield on the asset if significant.

Rental income on the assets is recognized over time on a straight-line basis over the lease term.

Other income is recognized on an accrual basis.

Expenses**Operating leases**

Payments made under operating leases are recognized in the statements of comprehensive income on a straight-line basis over the term of the lease. Contingent rentals are charged to profit or loss in the accounting period in which they are incurred.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

Finance costs

Interest expense and similar costs are charged to the statements of comprehensive income in the period in which they are incurred, except to the extent that they are capitalized as being directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to be prepared for its intended use or sale. The interest component of finance lease payments is recognized in profit or loss using the effective interest rate method.

Use of Estimates

In order to prepare financial statements in conformity with financial reporting standards in Thailand, management needs to make estimates and set assumptions that affect income, expenditure, assets and liabilities in order to disclose information on the valuation of assets, liabilities and contingent liabilities. Actual outcomes may, therefore, differ from the estimates used.

The estimates and underlying assumptions used in the preparation of these financial statements are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Derivative financial instruments

Derivative financial instruments are used to manage exposure to foreign exchange and interest rate risks arising from operational and financing activities. Derivative financial instruments are not used for trading purposes. However, derivatives that do not qualify for hedge accounting are accounted for as trading instruments.

Derivative financial instruments are recognized initially at fair value. Subsequent to initial recognition, they are remeasured at fair value. The gain or loss on remeasurement to fair value is recognized immediately in the statements of comprehensive income.

The fair value of forward exchange contracts is based on their listed market price, if available. If a listed market price is not available, then fair value is estimated by discounting the difference between the contractual forward price and the current forward price at the statement of reporting date for the residual maturity of the contract using a risk-free interest rate (based on government bonds).

Income Tax

Income tax expense for the year comprises current and deferred tax.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted by the reporting date.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

4. RELATED PARTY TRANSACTIONS AND BALANCES

Related parties are those parties controlled by the Company or have power control over the Company, directly or indirectly, or have significant influence over the financial or operating policies of the company.

10. LAND NOT USE IN OPERATION

The management of the Company has considered and review the investment plan for the construction building of new office to increase number of stores, and survey all assets of the Company and found that the Company has a plot of land on the road under the Udon Ratthaya Expressway, Bang Phut Subdistrict, Pak Kret District Nonthaburi with area of approximately 143 rai acquired in 2009 at a price of Baht 500.4 million to support the branch expansion plan at that time. Currently, the land is not used for the purposes as well, therefore, the Company has decided to transferred such land at aforesaid carrying amount, from property, plant and equipment to “Land not use in operation” which is separately presented in the statements of financial position as of 31 December 2019 and 2018. The latest value of such land, appraised in 2019 based on appraisal price of relevant government agencies, amounting to approximately Baht 1,451.2 million.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

Actuarial gain recognized in other comprehensive income arising from :

	In Thousand Baht	
	2019	2018
Change in financial assumptions	12,711	(4,514)
Change in demographic assumptions	13	(30,854)
Experience adjustments	2,195	(464)
Total	14,919	(35,832)

Significant assumptions used in calculation of liability for post-employment benefits are as follows :

- Discount rate 1.69-1.90% per annum in 2019 and 2.80-3.13% per annum in 2018
- Salary increase rate 6.0% per annum in 2019 and 2018
- Employee turnover rate 5.73-34.38% per annum in 2019 and 2018
- Mortality rates Based on Thai Mortality Table

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	In Thousand Baht	
	Increase	Decrease
Defined benefit obligation at December 31, 2019		
Discount rate (0.5% change)	(6,275)	6,857
Salary increase rate (1% change)	11,549	(9,861)
Employee turnover rate (20% change)	(20,242)	28,720

At the annual general meeting of the shareholders of the Company held on April 23, 2019, the shareholders passed the following resolutions :

- decrease authorized share capital from Baht 4,001,472,951 (4,001,472,951 ordinary shares at Baht 1 par value) to Baht 4,001,469,549 (4,001,469,549 ordinary shares at Baht 1 par value). The Company registered the capital decrease with the Ministry of Commerce on May 17, 2019;
- increase authorized share capital from Baht 4,001,469,549 (4,001,469,549 ordinary shares at Baht 1 par value) to Baht 4,201,543,026 (4,201,543,026 ordinary shares at Baht 1 par value). The 200,073,477 new ordinary shares were reserved for stock dividend. The Company registered the capital increase with the Ministry of Commerce on May 21, 2019.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY**Notes to the financial statements (continued)****December 31, 2019 and 2018**

At the annual general meeting of the shareholders of the Company held on April 30, 2018, the shareholders passed the following resolutions :

- a) decrease authorized share capital from Baht 3,841,416,727 (3,841,416,727 ordinary shares at Baht 1 par value) to Baht 3,841,414,033 (3,841,414,033 ordinary shares at Baht 1 par value). The Company registered the capital decrease with the Ministry of Commerce on May 10, 2018;
- b) increase authorized share capital from Baht 3,841,414,033 (3,841,414,033 ordinary shares at Baht 1 par value) to Baht 4,001,472,951 (4,001,472,951 ordinary shares at Baht 1 par value). The 160,058,918 new ordinary shares were reserved for stock dividend. The Company registered the capital increase with the Ministry of Commerce on May 11, 2018.

Dividends

At the annual general meeting of the shareholders of the Company held on April 23, 2019, the shareholders approved the appropriation of dividends of Baht 0.26 per share, amounting to Baht 1,022.6 million, from the profit of 2018. The dividend paid to the shareholders comprise stock dividend on the basis of 20 ordinary shares for 1 stock dividend amounting to Baht 200.1 million (200.1 million ordinary shares at Baht 1 par value) and cash dividend of Baht 822.5 million on May 23, 2019. The Company registered the increase in paid-up share capital with the Ministry of Commerce on May 23, 2019.

At the annual general meeting of the shareholders of the Company held on April 30, 2018, the shareholders approved the appropriation of dividends of Baht 0.23 per share, amounting to Baht 869.3 million, from the profit of 2017. The dividend paid to the shareholders comprise stock dividend on the basis of 24 ordinary shares for 1 stock dividend amounting to Baht 160.1 million (160.1 million ordinary shares at Baht 1 par value) and cash dividend of Baht 709.2 million on May 22, 2018. The Company registered the increase in paid-up share capital with the Ministry of Commerce on May 11, 2018.

19. SHARE PREMIUM

The share premium is set up under the provision of Section 51 of the Public Companies Act B.E. 2535, which requires companies to set aside share subscription monies received in excess of the par value of the shares issued to a reserve account (“share premium”). The share premium is not available for dividend distribution.

20. LEGAL RESERVE

The legal reserve is set up under the provisions of Section 116 of the Public Companies Act B.E. 2535. Section 116 requires that a company shall allocate not less than 5% of its annual net profit, less any accumulated losses brought forward, to a reserve account (“legal reserve”), until this account reaches an amount not less than 10% of the registered authorized capital. The legal reserve is not available for dividend distribution.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

24. EARNINGS PER SHARE

Earnings per share for the years ended December 31, 2019 and 2018 are determined by dividing the profit by the weighted average number of ordinary shares outstanding during the periods, after adjusting the number of ordinary shares in proportion to the change in the number of shares as a result of the increase in share capital arising from the issue of a stock dividend of 200.1 million shares on May 23, 2019. The number of ordinary shares of the prior period has been adjusted as if the stock dividend had been issued at the beginning of the earliest period reported as follows :

	In Thousand Baht / In Thousand Shares			
	Consolidated		Separate financial statements	
	financial statements		2019	2018
	2019	2018	2019	2018

Earnings per share (Baht)	0.4983	0.4767	0.4853	0.4769

25. PROVIDENT FUNDS

The Company has established contributory provident funds for their employees. Membership to the funds is on a voluntary basis. Contributions are made monthly by the employees at the rate of 3% of their basic salaries and by the Company at the same rate. The provident funds are registered with the Ministry of Finance as juristic entities under the Provident Fund Act B.E. 2530 and are managed by licensed Fund Managers.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY
Notes to the financial statements (continued)
December 31, 2019 and 2018
26. SEGMENT INFORMATION

The Group is engaged in merchandising of construction and decoration materials and equipment in Thailand, therefore, management considers that the Group had only one business segment.

The Group's segment revenues based on the geographic location of customers for the years ended December 31, 2019 and 2018 were as follows :

	In Thousand Baht			
	Consolidated		Separate financial statements	
	financial statements		2019	2018
	2019	2018		
Thailand	27,290,506	25,250,319	27,290,506	25,250,319

Total	<u>28,081,447</u>	<u>25,402,066</u>	<u>27,482,161</u>	<u>25,336,486</u>

27. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Principal market is the market with the greatest volume and level of activity for the asset or liability. Market participants comprise buyers and sellers in the principal or most advantageous market for the asset or liability whereby market participants are independent of each other, knowledgeable and having a reasonable understanding, able to enter into a transaction for the asset or liability, and willing to enter into a transaction for the asset or liability.

To increase the consistency and comparability in fair value measurements and related disclosures in the financial statements, the fair value hierarchy is categorized into 3 levels with respect of the inputs to valuation techniques used to measure the fair value. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities ("Level 1 inputs"), secondary priority to other observable inputs ("Level 2 inputs"), and the lowest priority to unobservable inputs ("Level 3 inputs").

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

As at December 31, 2019 and 2018, the Group had the following assets and liabilities that are measured at fair value (both on a recurring or non-recurring basis) in the statements of financial position;

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY**Notes to the financial statements (continued)****December 31, 2019 and 2018**

Derivative liabilities (Shown under other current liabilities) amounting to Baht 27.5 million and Baht 0.1 million for 2019 and 2018, respectively (level 2).

However, the Group has financial assets and liabilities not measured at fair value in the statements of financial position as at December 31, 2019 and 2018 but for which the fair value is disclosed in Note 28.

28. DISCLOSURE FOR FINANCIAL INSTRUMENTS**Financial risk management policies**

The Group is exposed to normal business risks from changes in market interest rates and currency exchange rates and from non-performance of contractual obligations by counterparties and liquidity. The Group does not issue derivative financial instruments for trading purposes. The Group has no significant change in financial risk management policies and financial instruments during 2019 and 2018.

Foreign currency risk

The Group is exposed to foreign currency risk relating to purchases of goods which are denominated in foreign currencies.

As at December 31, 2019, the Group has an outstanding balance of short-term forward purchase contract of U.S. Dollars 23.7 million (equivalent to Baht 737.8 million) and CNY 16.6 million (equivalent to Baht 74.5 million). The above contract matures in June 2020 and January 2020, respectively. The outstanding unhedge foreign currency liabilities due within one year amounted to CNY 6.7 million.

Management believes that said foreign currency risk is minimal.

Credit risk

Credit risk is the potential financial loss resulting from the failure of a customer or counterparty to settle its financial and contractual obligations to the Group as and when they fall due.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. At the reporting date there were no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset at the reporting date.

Liquidity risk

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY

Notes to the financial statements (continued)

December 31, 2019 and 2018

Fair value

The Group used level 2 inputs, which are inputs other than quoted prices included with level 1 that are observable for the asset or liability, either directly or indirectly, to estimate the fair value of each class of financial assets and liabilities:

Cash and cash equivalents and trade and other accounts receivable - the carrying values approximate their fair values due to the relatively short-term maturity of these financial instruments.

Short-term loans from financial institutions, trade and other accounts payable - the carrying amounts of these financial liabilities approximate their fair values due to the relatively short-term maturity of these financial instruments.

Long-term loans from financial institutions - the carrying values approximate their fair values since these financial instruments bear interest at market rates.

Investments in subsidiaries and joint venture are not practicable to be estimated the proper fair value without incurring the excessive costs.

29. CAPTIAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that they have an appropriate financial structure and preserves the ability to continue their business as a going concern.

As at December 31, 2019 and 2018, the Group's debt-to-equity ratio were 1.23 : 1 and 1.08 : 1, respectively, and the Company's debt-to-equity ratio were 1.24 : 1 and 1.08 : 1, respectively.

30. COMMITMENTS

As at December 31, 2019, the Group had:

- a) commitment to purchase land from third parties amounting to Baht 242.6 million and construction agreements for building and machinery with a related party and local companies amounting to Baht 1,041.7 million, and
- b) unused letters of credit totaling approximately U.S. Dollars 0.9 million (equivalent to Baht 25.9 million) and CNY 108.4 million (equivalent to Baht 474.1 million).

SIAM GLOBAL HOUSE PUBLIC COMPANY LIMITED AND ITS SUBSIDIARY**Notes to the financial statements (continued)****December 31, 2019 and 2018****31. EVENT AFTER THE REPORTING PERIOD**

At the Board of Directors' meeting held on February 25, 2020, the Board of Directors passed the resolution to pay the dividend for the 2019 operations totaling Baht 1,062.61 million to the shareholders. The dividend comprise stock dividends on the basis of 21 ordinary shares for 1 stock dividend amounting to Baht 200.07 million (200.07 million ordinary shares at Baht 1 par value) and cash dividend of Baht 862.54 million. The dividend payment will be further proposed to the Annual General Meeting of the Company's shareholders for approval in April 2020.

32. APPROVAL OF FINANCIAL STATEMENTS

These financial statements have been approved for issue by the Company's Board of Directors on February 25, 2020.
